Dear Year 6 Parents,

Earlier this year, our children took part in a Health questionnaire provided by the School Nursing Service. I have been contacted by the school nurse because there were some outcomes from this questionnaire that indicate a need for some additional information to be passed onto the children before they leave us for secondary school. I think it is essential to share these outcomes with you so that you can support their learning at home and discuss any issues that the children may be having.

Firstly, some of our children told us that they would like to know more about the changes that happen to their bodies as they grow up. This was covered extensively last year; however they clearly would like another opportunity to ask questions.

Secondly, a number of our children were highlighted as having concerns about self-image; several said that they were actively dieting and were concerned about their weight.

We have invited the school Nurse to visit our school on Thursday 6th July to discuss both of these issues and also give the children an opportunity to ask questions about puberty and healthy life choices. Please return the slip below to confirm that you have received this letter and that you are happy for your child to participate in this session. Please do not hesitate to contact us at school if any issues come up through discussion that you require further support with. We are always happy to help parents to support the children.

Best wishes,

Miss T. McNamara
Headteacher

Visit from the School Nurse

Child's Name: _____

- I give consent for my child to participate in the session with the school nurse.
 I do not give permission for my child to participate in the session with the school nurse.

Signed: _____ Date: _____
